***The Difference Between Corn Ethanol and  
Cellulosic Ethanol Feedstock Logistics***

Mr. Schroeder is the President and founder of BioResource Management and brings over twenty years' experience in planning, developing, and operating bioenergy facilities throughout the US . He has been a member of the National BioEnergy Industries Association, and the Chairman of the Wood Energy Committee in the Florida Forestry Association. He is a member of the Florida Organics Recyclers Association, the Biomass Energy Research Association, the Florida Forestry Association, and the Society of American Foresters. Mr. Schroeder will explain the unique challenges and difference between corn ethanol and cellulosic ethanol feedstock logistics.
